

GOLDEN SABER DEFENSE COMPACT

Based on the same platform trusted by law enforcement professionals, now available for personal defense. Optimized for full size handguns as well as compacts and micro-compacts and loaded with our high-performance Golden Saber Brass Jacketed Hollow Point (BJHP), these rounds deliver massive expansion and deep penetration for ultimate stopping power.

FEATURES

- Carefully tuned loads for compact handguns and shorter barrel lengths.
- Quality Components: Precision jacket with nose cuts to control expansion and optimize energy transfer, waterproofed case mouth and primer, and nickel-plated cases for ultimate reliability
- Available in popular calibers and grain weight options, including two
