

Impulse™ Cellular Trail Camera

The Impulse Cellular Trail Camera is the result of innovative and relentless engineering that delivers *Cellular. Faster. Better.* Impulse makes it faster than ever to get connected with easy setup to any smartphone and any provider, with no contract. Ultra-fast dual processors work simultaneously to take 1 picture per second versus 1 per minute with competitor cameras. That means you get more images of each animal passing by. And it's loaded with smarter features that help you make better use of your time and money—like sorting photos by weather and wind data, GPS anti-theft alerts, and live camera views from your phone.

Camera Specifications:

- 20MP HD Images
- 1080p HD Video
- 6 Month Battery Life
- 0.2 Second Trigger Speed
- 5 second image recovery
- 100' No Glow Flash
