

SMRS II

SMRS II Pro

## NEW SMRS II/SMRS II PRO™ RIFLESCOPES

Shooters demanded, we listened. The new Bushnell SMRS II and SMRS II Pro riflescopes are enhanced by the new CQ-BDC reticle, making it the ideal scope for short-, and mid-range scenarios. The SMRS II is black, with a folding throw lever and exposed turrets. The SMRS II Pro is built to meet the demands of the toughest users. It comes in flat dark earth, and features capped turrets and the fixed ThrowHammer throw lever for instant magnification changes.

### INDUSTRY LEADING FEATURES:

**EXO™ BARRIER** - Bushnell's premiere protective lens coating repels water, oil, fog dust and debris.

**FULLY-MULTI COATED OPTICS** - Multiple layers of anti-reflective coating enable superior light transmission and bright images.

**THROWHAMMER™ LEVER** - Makes magnification changes a snap with the flick of a finger.
